

Our Artisans

Our artisans are women farmers from the Dry Zone in Myanmar, one of the less developed areas of the country.

Our MBoutik social business, not only provides alternative income for women but builds a strong network of women who support one other both in business and family life.

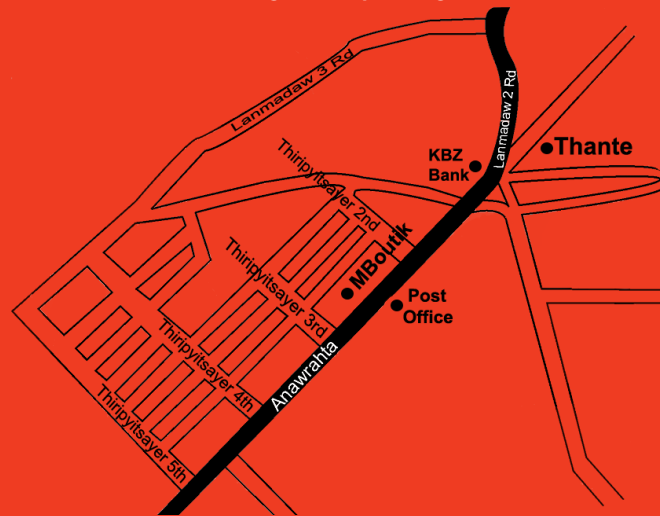

Maw Maw, WCPA President

"The Women Craft Producer Association has over 300 members who are all trained in their specialty artisan craft and producing for our MBoutik brand. I am the President now. I feel useful and helpful because I can teach other women how to improve. I, like many of our members, feel happy and confident in my MBoutik work, and I do not have to look for day labour jobs anymore."

By buying from MBoutik, you maintain the unique artisan cultures of Myanmar and support women producers in the Dry Zone of Myanmar.

SOCIAL BUSINESS - HANDICRAFT
MADE IN MYANMAR

Myanmar artisans provide MBoutik
with high quality, hand-made
textiles, homewares, jewellery and
accessories

Experience the diverse crafts of Myanmar

Myanmar fabrics

MBoutik creates products from fabric hand-woven on 100 shuttle looms. We use both organically dyed cotton and colour for traditional Myanmar ethnic designs as well as creating our own unique designs bringing new life to old traditions.

Creations from our handwoven textiles include:

homewares: cushion covers and bed runners

fashion & accessories: bags, purses and scarves, women and men's clothing

Toys and gifts: Myanmar alphabet ball, owls and dolls as well as hand puppets and mobiles.

About MBoutik

MBoutik is a social enterprise initiative of ActionAid Myanmar (AAM).

Through the Socio Economic Development Network Program (2013 to 2017) women from the Dry Zone of Myanmar were trained in artisan crafts of weaving, tailoring, jewelry making and rattan and connected to form Producer Support Groups.

Today, these women producers have formed their own Craft Producer Association.

MBoutik operates as the business brand and sales arm for the Myanmar Women's Craft Producer Association (MWCPA).

MBoutik also supplies hotels, conferences and businesses with a wide range of custom-made soft furnishings, stationery and accessories. Contact us with any enquiries.

Our diverse handcraft products also include:

Petrified wood jewellery

Petrified wood is wood turned to stone over millions of years, and is famous for its beauty, lustre and durability. The Bagan region is home to some of the best petrified wood in Myanmar. MBoutik's petrified wood jewellery collection is hand crafted and created by our women artisans.

Homewares created from natural rattan:

Rattan is a sustainable climbing plant grown in the Dry Zone of Myanmar and used by our artisans to weave a range of pots, bowls, boxes, mirrors, and plates. Either in natural product or interwoven with colourful ribbon, all create vibrant artistic pieces for your home or office.
